Persons attending should be in good general health, should not be allergic to eggs, and should not have had any other immunization shots in the past two weeks.

Allegan Plans Study For Local Office

ALLEGAN — A committee to study the possibility of a county office building serving the Holland area was named by Allegan County commission chairman Jerry Lohman Tuesday.

The committee is scheduled to meet to study issues and set guidelines and then meet with Holland city officials, according to commissioner John Vogelzang of Holland who was named a member of the committee.

Vogelzang asked for the committee after Holland Mayor Louis Hallacy called for an election to decide whether all of Holland city could be located in Ottawa County.

Hallacy cited some duplication of records and difficulties by the city government in dealing with two counties and said state legislation allows for cities overlapping two counties to change boundaries if approved by voters in both counties involved.

The issue was defeated by Allegan County residents in the Nov. 2 election.

Named to the committee to study a possible county office in Holland were: Walter Bray, Saugatuck, chairman; Vogelzang, Arthur Popp, Plainwell; county clerk Russell Sill, register of deeds and the prosecuting attorney.

Vogelzang said such a county branch office could provide social services and licensing but decisions and recommendations by the committee would be made after several meetings.

In other action Tuesday, commissioners heard a report from county labor attorney Michael Ward of Kalamazoo on a tentative contract with health department employees. No action was taken on the contract and Ward was asked to make certain revisions.

On Saturday firemen investigated smoke at Elzinga & Volkers on Sixth St. at 3:42 p.m., a grass fire at 11th St. and railroad tracks between Lincoln and Columbia Aves. at 4:20 p.m. and a leaf fire at 80 West 34th St. at 8:54 p.m.

Minimum Rates Under BPW Study

Revisions in the Zeeland water agreement were approved by the Holland Board of Public Works Monday and sent to council for approval.

The revisions would allow changes in the commodity rates charged Zeeland by Holland annually as production costs increase instead of the present three year base.

Holland sells water to Zeeland under an agreement until 1990.

The BPW also discussed revisions in minimum billing policy for waste water and water. The minimum sewer charge is \$48 annually billed quarterly and BPW General Manager Frank Whitney said residents who leave Holland during the winter have been complaining about the quarterly bills with no usage.

But Whitney said the minimum for sewer, similar to water rate minimums, is designed to cover the cost of plant equipment and mains in the street. Those costs, he explained exist whether the sewer or water is used.

The BPW also is to study possible charges for reconnection of water service after residents have asked for a disconnect while away from the city for an extended period of time.

The BPW was brought up to date on the area wastewater study plan or the 201 study for Holland and the townships of Holland, Park and Laketown.

The preliminary estimated costs of providing sanitary sewer in the townships plus an addition to the wastewater treatment plant was \$29,750,000 with the local share of the project at \$2,940,000.

Whitney said the figures were preliminary and for use in determining bond issues.

Holland township's total project cost was estimated at \$12,250,000 with the local share \$5,350,000; Park township, \$3,050,000 and \$2,750,000; Laketown \$2,500,000 and \$840,000 and Holland city \$3,950,000 and \$1 million.

The township costs include installation of sewer mains for a collection system and an ownership in the capacity of the treatment plant.

The preliminary report on costs is part of an overall study for the area designed to meet federal requirements for potential federal funding, Whitney said.

The board recommended to council a water main extension in Lincoln Ave. one block from 34th St. to 35th St. to bring water to an apartment complex under construction with the developer to pay the assessment costs. Council earlier rejected a BPW recommendation to extend the main to 40th St.

Also referred to council was a recommendation to extend a water main in 34th St. between Pine and Maple Aves.

Four-Car Crash Injures 2 Persons

Two persons were injured in a four-car collision Saturday at 1:14 p.m. at Eighth St. and US-31 bypass in Holland township.

Treated in Holland Hospital and released were Dolly Voss, 39, of St. Joseph, a passenger in the car driven by her husband, Richard, 40, and Virginia Lyttaker, 33, of 3915 142nd Ave., driver of another car.

Ottawa County deputies said a car driven by Roger Haag, 23, of Muskegon, southbound on US-31 went through a red light and hit the Voss car, westbound on Eighth, broadside. The Voss car sideswiped a car driven by Marjorie LaMer, 22, of 9674 Port Sheldon, Zeeland, eastbound on Eighth St. and then hit the Lyttaker car, stopped behind the LaMer auto.

County Sets Pay For Mental Health Office Employees

GRAND HAVEN — Employees of the Ottawa County Mental Health Department will become recognized county employees Nov. 15 following action taken Tuesday by the Board of Commissioners.

Commissioners approved a classification and salary schedule for the department comparable to existing classifications and schedules for other county employees.

The salary schedule was not made public pending notification of employees of the Mental Health Department but commissioner Jack Smant, chairman of the County Affairs Committee, said some employees would get salary cuts and others raises.

As county employees they receive county fringe benefits and a 3 1/2 hour work week plus county holidays.

Five employees were "red lined," Smant explained, because their salaries were higher than the classification and the salaries will remain constant until others on the schedule reach that level. The five were not named.

"I think there has been complete understanding by the Mental Health staff of the organizational chart," Smant added.

Commission chairman Kenneth Raak said it was the "first time the Affairs Committee has been involved in setting salaries of a completely autonomous division of the county."

Commissioner Eunice Bareham said what the board had done was "tell Mental Health that the county is setting salaries and not some other agency miles away."

In reviewing and reevaluating the life of Holland's dedicated founder, Dr. Bruins spoke of the four biographies written about him, the most recent in 1951, and the many, many documents not only in Holland, but in Grand Rapids, Lansing, Pella, Detroit, New Brunswick, N.J., and in the Netherlands, particularly Arnhem where Dr.

Child, Family Services Names Two to Board

Named to the board were Ms. Linda Cooley and Jeffrey Green, both of Holland.

Staff members of Higher Horizons, John Rolph, Marty Sosa and Libby Hillegonds, explained the Horizons program.

The agency serves children and families in a six-county area and is supported by the Greater Holland United Way.

Early Snow Here Is 6 1/2 Inches

A pre-season storm dumped an additional 6 1/2 inches of snow on Holland Wednesday night and early today creating some slippery road conditions and putting scores of vehicles in the ditch.

Winter officially is another month and ten days away.

Ottawa County deputies said they investigated a dozen property damage accidents between 4 a.m. today and noon and another dozen between 4 p.m. Wednesday and 4 a.m. today.

Holland city police said they had no reports of traffic accidents this morning and only one Wednesday afternoon.

Allegan County deputies said several cars and trucks were reported in ditches including a steel-hauling truck off the road near Otsego. State Police at South Haven also reported slippery road conditions south to Benton Harbor.

Officials said the snowfall was confined along the Lake Michigan shoreline and extended inland only a few miles. Muskegon and Grand Haven each reported about two or three inches of snow. There were no reports of snow on the ground in Grand Rapids or Jackson, police said.

Travelers advisories were posted for western upper Michigan and much of western Pennsylvania.

Temperatures dipped below the 10-degree mark in wide areas of the northern Midlands early today. International Falls, Minn. recorded 7 degrees.

Rain dampened the lower Mississippi Valley and fog spread over the Texas Gulf Coast and rolled over the lower Mississippi Valley.

County Is Quizzed On Solid Waste

GRAND HAVEN — Questions concerning solid waste disposal were posed at Tuesday's meeting of the Ottawa County Board of Commissioners.

Retiring member of the Ottawa County Road Commission Carl Harrington of Holland, in a letter to commissioners, asked whether the future of solid waste disposal in the county had been settled and who was in charge.

He asked whether plans were being made for solid waste disposal after the Park township landfill is full.

Commissioners referred the matter to the Board of Health which is responsible for overall planning and said it was the Road Commission who operated the landfill in past years.

On another solid waste front, board chairman Kenneth Raak, who named a committee to study resource recovery, asked for direction from the commission for the committee.

Raak said the committee has met but was unclear of its responsibilities and goals. It was suggested that since the committee was requested by the board it report to the board.

Commissioner Raymond Vander Laan, chairman of the board of health, objected and maintained the advisory committee should report to a committee and not the full board. He implied that since the Board of Health had been responsible for a solid waste study in the county the advisory committee report to his committee.

Commissioners voted seven to four to have the advisory committee on long range resource recovery report directly to the board of commissioners.

A letter from Holland Hospital requesting funds for the purchase of emergency equipment for ambulances was received and the finance committee was to meet with hospital officials.

Commissioners received the resignation of George Bauer of Holland as the legal aid attorney. Bauer plans to join a law firm in Holland. The resignation of Carol Lutz from the Board of Health was accepted.

A letter from Bernard Schultz asking for progress in the requested return of \$8,000 in revenue sharing funds the county sent to the Red Cross was referred to the finance committee.

Finance committee chairman Eunice Bareham said the matter had been discussed with the prosecutor, Red Cross and revenue sharing aides and the request for the return was made to Red Cross. But Mrs. Bareham said if the revenue sharing office wants to penalize Ottawa County they could withhold \$8,000 in future funds.

Officials Tour Roads In Ottawa

GRAND HAVEN — The Ottawa County Road Commission hosted county commissioners, township officials and state legislators at its annual tour of Ottawa county Thursday reviewing road and bridge improvements, county parks, water facilities and landfills.

The tour coincided with Georgetown township's dedication of additional park land adjacent to Hager Hardwood Park north of Hudsonville. The deed for 12 acres of park land was presented to Commission Chairman Ken Raak by Georgetown Supervisor Gerald De Windt.

The new addition is part of Georgetown's Bicentennial activities and a handsome hand carved sign designating the park as Hager Hardwoods Bicentennial Wing was unveiled at an outdoor ceremony in which the Jenison High School Band and Campfire Bluebirds participated. Carl Harrington, chairman of the Road Commission, responded.

A reception followed in the arboretum for township residents and guests.

This problem was further reviewed at lunch in the shelter house of Hager Park. Brief talks were given by State Sen. Gary Byker and Reps. Mel De Stigter, Edgar Fredricks and Edgar Geerlings. Their talks also branched into subjects of economy, environment and inflation. In general, new challenges face public servants on all levels spurring a need to work together toward solutions.

A round of applause also was given Chairman Harrington who is retiring from the board at the close of the year.

Boeve Stars In Hawkeyes Grid Defeat

WAYLAND — Coach Bob Stoel's Hamilton Hawkeyes went down to defeat for the seventh time Friday night against a rugged Wayland squad. The Hawks were just overpowered by Wayland's sledgehammer offense which rolled up over 300 yards before the game was over.

Wayland rolled up touchdown after touchdown, scoring 27 points in the first half alone. However, Hamilton's superstar Jeff Boeve started things off by running the opening kickoff back 87 yards for a touchdown. Hamilton quickly fell behind and was trailing 27-6 at the half.

Trailing 30-6 Hamilton executed a valiant drive which was capped off by Boeve's one yard plunge.

Boeve rushed for 135 yards accounting for most of the Hawks attack. He also was outstanding on defense with an incredible 20 tackles. It all fell short however as Wayland rolled on to win 39-12.

Hamilton now 1-7 on the year closes out its season at home next week against area rival Fennville.

Missionary Nurse Tells Experiences

The Women's Missionary Society of Hamilton Reformed Church held its annual guest meeting Thursday evening at the church.

Speaking on "Experiences as a Traveling Nurse," Cloe Ann Danford traced her years of work as a nurse to the native tribes of Nigeria, her training in midwifery in London and her service in Mexico and Mississippi. She is presently a teacher of nursing at Grand Valley State College.

Miss Danford related the conflicts between superstitions of the stoical Nigerian witch doctor and modern medical methods. She amused her audience with details of learning the Hausa tribe language, of teaching her cook to prepare food with an American touch and of being assisted by London firemen and a fire truck to reach a patient's home.

Her most frightening experiences occurred at the time of the assassination of Nigeria's premier in 1966 and the tribal warfare which followed. Although advised to leave, she and her Christian co-workers stayed to help the wounded brought into Mkar Hospital.

The program included three vocal numbers by Miss Danford, showing the range of her soprano voice. Miss Arlene Katerberg of Grandville accompanied at the piano.

Mrs. Susan Smit and Miss Della Vander Kolk were in charge of the program. Mrs. Joyce Eding, president, welcomed guests and conducted a business meeting. Hostesses were Mrs. Anna Boeriger, Mrs. Belva Rigerink, Mrs. Antoinette Japink and Mrs. Julia Folkert.

Panthers Win to Even Season Record at 4-4

By Roger Kuiken
West Ottawa took advantage of a Rogers fumble on the first play from scrimmage in scoring its fourth win of the football season Friday night by defeating the Golden Hawks, 16-6.

The Panthers were in a tie for third place in the Big Red Division with four other teams, all having 2-4 conference records before this game. West Ottawa is now 4-4 overall and has one game remaining.

West Ottawa scored early in the game after recovering the fumble by Rogers. It was a 43-yard drive that saw John Witkowski and Jeff Van Dyke grind it out on the ground with Witkowski scoring from the four with only three minutes off the clock. Brian Essenburg's kick was good for the PAT and the Panthers held a quick 7-0 lead which is all the scoring that was done in the first half.

The Panthers offense was well in control during the first half but were held off by the Golden Hawks strong defense of Tim Carroll and Jeff Klomparsen whenever they got inside the 20-yard line.

But West Ottawa's defense was super, limiting the Hawks to just three first downs in the first half. Bruce Patterson simply wouldn't let anyone come around his end and had an excellent night on defense. So did

Greg Ferrell, Bill Monhollen, Brian Driesenga, Scott VanderMeulen, Jamie Bloemendaal and the rest of the Panther defense.

Mark Hallenhoff made a pretty reception of a Dick VanderYacht pass in the second period but a penalty and some nice defensive work by the Hawks prevented the Panthers from scoring again before the half. The Panthers had several players that were not up to par physically this week. Brian Shaw had the flu most of the week, Bloemendaal had a bruised thigh and was used sparingly on offense. Witkowski was at about 75 per cent but they all played.

Rogers got a break in the third period when West Ottawa fumbled a punt. They drove on for a TD when Dave VanderLaan broke into paydirt from the four but the PAT was no good and the Panthers held a slim 7-6 lead.

Just when Rogers was starting to move the ball, Bloemendaal stepped in and intercepted a pass on the 34-yard line. This really broke the Golden Hawks back.

A pass play from VanderYacht to Shaw set up the Panthers second TD in the fourth period. Bloemendaal took it in from the three and Essenburg's PAT try was good giving West

Ottawa a 14-6 lead with seven minutes to go.

Driesenga forced the Hawks to punt on a nice defensive play and Bill Strause got a piece of the punt which only ended up for a one yard net. The final two points came about when Patterson broke through and dumped Rogers quarterback in the end zone making it 16-6.

Rogers had a good defense and East Grand Rapids was only able to score seven points against them, a game East won 7-6. This was the final home game of the season for the Panthers and several seniors played their last home game.

They included Brian Shaw, Dave Conklin, Monhollen, Jack Barrett, Mike George, Witkowski, Tony Bagladi, Bloemendaal, Van Dyke, Rick Brink, Jeff Kaake, Tim Rusticus, Driesenga, VanderMeulen, Ron Allen, Lloyd Selover, Steve Vandevusse, Hallenhoff, Patterson and Ferrell.

The Panthers will travel to Grand Rapids Christian for the final game of the season next week.

Chix Help Sailors Win First Game

ZEELAND — Playing an even ball game the Zeeland Chix threw it away on turnovers Friday night as they gave the Sailors of South Christian their first win of the year by a score of 30-12.

South Christian started things off with a bang as Mark Tromp returned the opening kickoff 84 yards to give the Zeeland Chix an 8-0 lead. Zeeland fought back with a touchdown of their own (Tom Busscher) but still trailed the Sailors 16-6 at the half.

As the third quarter opened Chuck Kraai carried it in from the one to make it 24-12. But a fumbled punt and a pass interception put the Chix down for good 30-12.

Zeeland finished league play in the O-K White with a record of 1-6. Now 2-6 overall, the Chix will close out their season next week at home against Hudsonville.

Bears Trip Determined Dutch

By Leo Martonosi
ST. JOSEPH — Kevin Wheeler fought his way for two touchdowns in leading St. Joseph past a determined Holland football team on a cold and windy Friday night, 14-0.

The victory was the fourth in the Big Seven compared to two defeats and the sixth of the season for the Bears. Holland finished the league season at 1-5 and are 1-6-1 overall.

Due to injuries and illness, Backus shook up his starting offensive and defensive lineups. Jim Vander Jagt moved to defensive tackle, Mike Kehwecker took over at center with Garry Visscher moving to defensive tackle and Rudy Mendoza and Rod Reimink taking over at guards along with regular Fred Lamb.

But the biggest move of all was John Hosta starting at linebacker with Bill Atman, Hosta, the No. 1 Dutch rusher with 322 yards entering the game, was replaced by Kirk Emerson at tailback.

Considering the five inches of snow that hit St. Joseph earlier in the week, the field was in pretty good shape.

Cornerback Tom Vandenbosch saved a possible St. Joseph score by falling on a Bear fumble at the Dutch 18-yard stripe.

But a poor 10-yard Holland punt into a stiff wind, set up the game's first touchdown. Wheeler scooted the final 13 yards for the score on the first play of the second quarter. Frank Bock added the PAT.

St. Joseph's second TD, a gift from Holland came on Wheeler's one-yard plunge. A poor pitch out from quarterback Gray Gogolin to Emerson on an attempted reverse resulted in Bear tackle Jim Foulkes picking off the ball in mid-air and running to the Dutch 11-yard line.

With the small but "guttty" Emerson running well, the Dutch were in good position for a possible three or six points. But a key penalty helped stall Holland's bid for a score. Gogolin's fourth down pass sailed off the fingertips of Kevin Beerthuis.

Hosta did see some action at tailback in the first half as the Dutch were down by 14 points.

The fine St. Joseph marching band which is scheduled to play

at Saturday's Hope game performed at the half.

Hard running Duane Berkompas gave the cold Dutch cheerleaders and "Faithful 50" something to cheer about as he scampered 22 yards at the outset of the second half to the 37 of St. Joseph. Like once in the first half, the Bears defense prevented Holland from hitting pay dirt.

Holland's defense did a nice job of holding the Bear's offense scoreless in the second half.

The Dutch offense came to life again late in the fourth quarter but the two second quarter touchdowns were just too much for the Dutch to overcome.

Holland reached the Bears 15 when St. Joseph stopped their bid and ran out the clock.

The Dutch close their season next Friday at Riverview Park by entertaining Muskegon Mona Shores.

CONTRAST

We have just come through a hard-fought campaign for the presidency. During the campaign the candidates faced each other and disagreed with each other and said some pretty harsh things about each other. Now the campaign is over and the two contestants have come to gentlemanly terms.

President Ford graciously conceded defeat and offered his cooperation in the smooth transfer of authority from one administration to another. Governor Carter accepted his concession and proffered help graciously and appreciatively. Already space has been allotted in Washington for the president-elect and his staff where they can carry on the briefings necessary to a harmonious transfer of power. It is most gratifying to see how our system works in this matter.

Compare it to what is happening in China right now. The widow of Mao, that great recent leader of the Chinese, with some of her political associates is about to be put on trial allegedly for attempting a coup against the present regime. Rumors are that these people will be tried in public trials. The Chinese, in other words, have been unable to transfer their power from one administration to another without a crisis which may cost some heads before it is all over.

It is instructive and comforting to know that despite the shortcomings which our system still has, that we can change leaders without the risk of revolution and bloodshed. It is one mark of a truly free people. It's the way democracy should work.

Girls Volunteer For Projects In Junior Service

The junior service league of the Holland Camp Fire council's Horizon group gives high school age girls an opportunity to share their time and volunteer talents with the community.

Each girl pledges 30 hours of volunteer service to her community a year and many work in the hospitality shop or the cafeteria in Holland Hospital.

Others volunteer at the Day Care Center, the American Cancer Society, churches, the Salvation Army and nursing homes.

It is not necessary to be a member of a Horizon group to be part of the Service League.

Last year 85 girls donated more than 4,000 hours of service to the greater Holland community. The program is three years old.

Volunteer co-ordinators for the service league are Mrs. James Zeedyk and Mrs. Robert Notter and they are assisted by Mrs. John Kolean and Mrs. David Kempker of the local Camp Fire staff.

Camp Fire Girls and the Horizon junior service league are among the agencies in Holland supported by the Greater Holland United Way.

Family . . . 'Oldest and Toughest Institution'

Dr. Mead Defends Family Institution

By Ann Hungerford

"We have been subjected to a barrage of nonsense about the family being dead," Margaret Mead told a capacity audience in Dimnent Chapel Friday night.

"The family is the oldest and toughest institution we have. It is what makes us human," she stated.

"From the family, children learn that there are two sexes, they learn to put up with people they don't like and they learn the difference between loving and liking," she said.

"To date all girls learn to behave like women, learn about being mothers from mothers. Boys are taught not to identify with mother. As long as both sexes are brought up by one sex, we run the risk of thinking all things, gifts, are feminine."

The internationally recognized anthropologist commented that separation of fathers and children has gotten worse, that it is phenomenon of modern urban society.

"We deprive children of insight from older people and we invent laws that separate parents from children such as awarding total custody of children to one parent," she said.

Citing the growing numbers of step-parents as a danger to the family, Dr. Mead stressed that "spouses are replaceable but parents are not."

Dr. Mead explained her theory on the generation gap of the mid-1960s by noting that it was the first generation "with the time to think and look around. We couldn't count right and the generation gap hit us right around the world," she said.

Students looked around and discovered that "everything was built too small. Students unions were built that couldn't hold the students."

"Parenthood can now become a vocation. Today we should have families only if we intend to stay together. It is easy to borrow children for any length of time," to see if we want to have children, Mrs. Mead suggested.

We should have children because we want them, "instead of a side effect of being human," she concluded.

Following her formal talk, Mrs. Mead responded to questions from the audience and commented that society is not going to demand of people that marriages are going to be life-long but at least people should stay together until the family is grown.

She complimented co-ed dormitories as beneficial for learning to treat each other as brothers and sisters. "If we are to work together we have to stop treating each other as sex objects."

On abortion, Dr. Mead described the procedure as "loathsome but it is a backup for the failures of society in everyday toward women." Mrs. Mead condemned society for spending too little money on research for contraceptives and their lack of availability. One thing to remember is that "women have the abortions," she said.

Asked about her vigor and what keeps her active, Dr. Mead responded that "not getting bored" was her solution.

Dr. Gordon Van Wylen introduced Mrs. Mead.

Valerie Kuyers Becomes Bride Of Mark De Witt

Fellowship Reformed Church was the setting for the rites, read by the Rev. Kenneth Reynen with music by organist Mrs. Bruce Pearson and soloist James Zeedyk, the bride's uncle.

The bride's floor-length gown was of white sateau with an empire waist and long bishop sleeves. The bodice, trimmed with alencon lace, featured a self-ruffle over the shoulders. The skirt with chapel train was edged with a ruffle and lace. A camel cap held her lace-edged mantilla veil. She carried pink roses and lavender dried flowers with colonial lace. Her personal attendant was Mrs. Larry Hillmore.

Carol Simmons as maid of honor and Sandy Rozema and Mary Zeedyk, bridesmaids, wore identical gowns of light blue dotted swiss. The empire gowns were styled with deep V bibbed bodices of white novelty-lace. The bishop sleeves were cuffed with lace. They wore matching picture hats and carried wicker baskets of pink white and purple fresh and dried flowers. UNEXPECTED RESPONSE — With more than 6,400 persons taking advantage of the free swine flu immunizations available in Civic Center Thursday, Ottawa County

health department officials and volunteers were exhausted by the close. A nurse administers the shot with a modern jet injector gun (pictured). (Sentinel photo)

6,400 Receive Inoculations in First of Two Days

Response Overwhelming At Free Local Flu Clinic

By Ann Hungerford

Four-year-old Jill Ann Bosch knew why her mother was in Civic Center Thursday afternoon.

"To get a flu shot," she explained, "so she doesn't catch pneumonia."

Unlike most of the youngsters accompanying their parents, the perceptive little miss wanted a shot too so she "doesn't catch pneumonia."

But the injections were labeled adults only and Jill's wide eyes absorbed the four rows of adults receiving their shots from "the gun."

By day's end, the projected figure of 5,000 had soared to 6,400 persons inoculated. And according to Ellen Porter, nursing supervisor of the Ottawa County Health Department, volunteers were exhausted.

The huge response surprised residents receiving the shots as much as health officials.

Fear of reactions from the vaccine prompted by national notoriety a few weeks ago seemed virtually non-existent.

Only one of a couple dozen residents randomly interviewed expressed the concern that she would not have gotten the inoculation at that time.

One robust man waiting in the outdoor line joked that the only complication he feared was dying of exposure before getting into Civic Center.

Mrs. Norma Bruinsma stated that probably the elderly people who had died had suffered from other complications. "Maybe even standing in long lines could have been a contributing factor."

Overall local health officials proved admirably apt at immediately ushering in the ill, elderly and feeble to comfortable seats inside where immunizations may be given by the needle rather than the jet injector gun, if desired.

Donna Victor, Red Cross director, stated that people had expressed apprehension prior to the free clinic but were marching through the lines like "Christian soldiers."

Undoubtedly one of the most

"shot shy" recipients was a thirtyish woman who had pondered her decision for well over an hour.

Prodded by an insistent 19-year-old Hope student from Battle Creek, Jodi Thurston, the woman finally made it to the front of the line and jubilantly proclaimed the gun, the shot and the system "terrific."

Most people were determined in their convictions that the gun and the vaccine were good. Mrs. Esther Salo stated that as long as the disease control center said it was okay, it was okay.

An off-hand comment by one of the registered nurses operating the gun brought a gasp from people in her line.

"We've lost one person already," Mrs. J. Shermak, community health nurse said.

Perceiving the reaction of those in line she quickly clarified that one of the "volunteers had failed to show up."

Though by far most of the recipients were older citizens, clusters of Hope College students dotted Civic Center.

Two male students explained that many of their male friends would be receiving the inoculations but that some of the co-eds would not. "Those who had dates Friday or Saturday night didn't want to risk any reactions," they said.

Co-eds on the opposite side of the room, when told of their fellow students comment, moaned that they had already received the shots.

"But we don't have dates," one wailed.

Twenty-four hours after the clinic opened no reactions have been reported to local health officials who reminded residents that additional clinics will be held in Western Michigan and persons still wishing to take advantage of the free inoculations may respond at any clinic in the country.

Physicians in the area are expected to receive the vaccine for distribution when the clinics have been completed.

Persons desiring to take advantage of the immunizations particularly those shot shy will be injected in line by 6 tonight. And Jodi, thanks.

Flu Clinics Top 15,000 Here

Health department officials said 15,000 persons received swine flu inoculations during the clinics in Holland Thursday and Friday.

Dr. Paul Christenson, health director, said 6,386 persons attended the clinic Thursday and 8,674 on Friday, making it the largest single clinic in the county.

Hope Ends Year With 6-3 Record

By Leo Martonosi

With quarterback Mark Boyce setting an all-time Hope College single season passing record, the Flying Dutchmen closed their season on a winning note by beating Valparaiso, 17-10 Saturday afternoon at River-view Park.

The win was the first over the Crusaders in three tries. The last game between the two non-league foes came in 1962.

The game ended on a rough note as both teams had a difference of opinion at the conclusion. The Valparaiso coach, Norm Amundsen thought the Dutchmen were trying to rub salt into the wound when they had the tilt already sold up. But Hope mentor Ray Smith explained, "The guys were just trying to help Duff De Zwaan set a pass catching record."

Smith was pleased with the play of his club, especially in the second half.

"It just took us one half to get motivated again after our tough loss last week," Smith stated.

Todd De Young enjoyed a fine game in replacing the injured Kevin Clark. De Young not only caught two passes for 37 yards, with one going for a touchdown but also booted two PATs and one field goal.

The Flying Dutchmen ended their season with a fine 6-3 slate. The Crusaders are 2-6-1 with one game left.

The Dutchmen did miss the MIAA's top rusher fullback Mike Skelton (injury) but Paul Busman was trying his best to pick up the slack.

Boyce added to his school pass touchdown record by hitting Jim Holwerda for six points with 5:48 to play in the third period. De Young kicked the conversion to give the Dutchmen a 10-3 lead. Boyce also led the Dutchmen in rushing with 93 yards in 11 carries.

The TD pass, the 16th of the season was another Dutchmen team mark.

Another Boyce TD pass with only one second left in the quarter, that 27 yards to the fleet footed De Young locked up the game for Hope. On the play, Boyce established a school single season record. Boyce, who was 10 of 21 for 201 yards and two touchdowns, has passed for 1,286 yards this season. Groy Kaper had the previous mark of 1,203 yards in 1968.

Valparaiso was moving behind the left-arm of reserve quarterback Charles Ortmann, who hit eight passes in a row before Tim Johnson scooped up a Crusader fumble deep in Hope's real estate.

The local fans got a real charge out of Boyce's lucky bounce (off a Crusader) 62-yard connection with Holwerda. However, Valparaiso's defense stopped Hope's bid for another score.

Ortmann finished the day with 225 yards on 17 of 27 figures. Holwerda led all pass receivers with five receptions for 134 yards.

A bad snap gave Valparaiso the ball on the three-yard line with 1:49 to go in the contest and Dave Eccles bulldozed his way one-yard for the TD.

Seniors playing their last game for the Dutchmen were Tom Barkes, Kurt Bennett, Bob Coleman, Bill Collins, Mark DeWitt, DeZwaan, Rick McLouth, Rick Navarra, Tom Richards, John Smith, Dave Teater and Lew Ten Have.

The Dutchmen were 0-2 in the all-time series against the Crusaders. But the 12 Hope seniors, who were playing their final college tilt, were determined to go out a winner.

It was obvious that both coaches were in a gambling mood at the outset. Valparaiso missed on a fourth down play on its own 37 and the Dutchmen did likewise on the 34 of the Crusaders.

Boyce showed surprising speed by outrunning Valparaiso

defenders 44 yards to the Crusaders five-yard line. But Hope had to settle for a 30-yard field goal by the steady De-Young, a freshman from Holland.

Valparaiso kept getting good yardage up the middle and reached the Hope 11-yard before two penalties put the ball back to the 32. Jim Smith, a soccer type kicker missed a three-pointer from 33 yards out as Hope held onto its 3-0 margin.

John Belskis set a Valparaiso mark for pass interceptions with his 10th of the season but tackle Paul Osborn of Hope recovered a Crusader fumble two plays later on the 18. Boyce's fourth down pass fell incomplete as the Dutchmen failed to take advantage of Valparaiso's mistake.

A 23-yard field goal by Jim Russier of Valparaiso tied the count at the intermission. A five-yard penalty cost the Crusaders a touchdown that would have given them the upper hand. Although a Hope miscue gave Valparaiso the opportunity to score.

The colorful St. Joseph marching band delighted the Parents' Day crowd at the halftime. The band did more than march and play.

President Gordon Van Wylen presented another MIAA championship trophy to the college cross country team. It was the fourth consecutive league title for Coach Bill Vanderbilt's Dutchmen.

Flu Shots Set For Children

Dr. Paul J. Christenson, medical director of the Ottawa County Health Department today announced that the health department will be holding a swine flu immunization clinic for children three to 18 years of age who are considered "high risk."

"High risk children are those with the following types of diseases: heart disease, lung disease, kidney disease, diabetes or cancer."

The health department stresses the importance of vaccinating children with these diseases because they are more susceptible to infection.

The Holland clinic will be held Nov. 19 from 1 to 4 p.m. at the Health department on North River Ave.

The swine flu immunization will consist of a series of two shots, four weeks apart. Children receiving the shots should be in good general health, should not be allergic to eggs and should not have had any other immunization shots in the past two weeks.

At the clinics parents will be asked to sign a consent form for their children. Information sheets of swine flu and medical will also be available.

SACK QUARTERBACK — Wayne France (81) and Kurt Droppers (top) two of the many outstanding Hope College defensive linemen, sacked Valparaiso quarterback Charles Ortmann (12) for a huge loss in

action last Saturday at Riverview Park. The Flying Dutchmen ended their season on a successful note by tripping the Crusaders, 17-10.

Questers Plan Exhibits At Netherlands Museum

Members of three Holland Quester chapters are making plans for exhibits each month at the Netherlands Museum, a one-of-kind museum that is accredited by the American Association of Museums and the government of the Netherlands.

A display of quilts is being exhibited during November. The museum hours are 9 a.m. to 5 p.m. Monday through Saturday. Admission is free during the winter months.

There is no counterpart in American life today that would compare with the quilting bee of the 19th century. The quilting bee was regarded as the most refined and "genteel" of all social gatherings.

Every young girl, if she were industrious and diligent, would have an even dozen quilt tops laid away in her dower chest by the time she was spoken for, and when her young man proposed and the date set, one of the ways she could announce her betrothal was to invite her friends to "quilt her tops."

One quilt of special interest is the "sun burst" patch quilt made by the Hope Church Women's Aid Society in the late 1870s bearing the names of each of the ladies on the quilt.

Quester chapters participating in the special exhibits are the Elta Fox chapter, Mrs. Wilbur Saeger; the Christine Van Raalte chapter, Mrs. F. J. Palecek, and the Jane Steketee chapter, Mrs. Ben Lemmen and Mrs. James Kiekintveld.

Exhibits in the museum are both historical and contemporary in relation to the Dutch heritage of western Michigan. The museum's gift shop has unusual Dutch imports for sale including Delftware, pewter, clay and porcelain smoking pipes.

The museum, corner 12th St. and Central Ave., served as Holland Hospital from 1919 to 1928. It was purchased from the Dr. Kremers estate for \$15,000, less a \$5,000 donation from the family since it had always been a hope of the father that Holland would have a hospital.

The three-story red brick home housed 16 beds. Mabel Miller who graduated from Butterworth Hospital in 1918 was the first superintendent with Rena Boven as assistant superintendent.

The first floor had a three-bed women's ward, a four-bed men's ward, plus a room with two beds to be used for either men or women. A step down to the conservatory was the nursery. The second floor had two private rooms and two semi-

privates. Between the semi-private rooms was an operating room which also was used for deliveries. All sterilizing was done in this room. Patients were carried on a stretcher as there was no elevator. A carriage house at the rear was used as a baby clinic. Nurses slept upstairs.

Rates were \$5 a day for a private room, \$6 for a room with bath, \$3 for semi-private and \$2.50 for wards. The charge for babies was 50 cents a day. Nurses worked 7 a.m. to 7 p.m. with two hours off, and, when possible, a half-day off a week and four hours off on Sunday. One nurse was on duty from 10 p.m. to 7 a.m. Miss Miller and Miss Boven were usually on duty until 10 p.m.

Still Time To Get Your Tulip Bulbs

There's still time to plant tulip bulbs.

Park Supt. Jacob De Graaf expects today's snowfall will not last long, and even if it does, one can still plant bulbs provided the ground isn't frozen.

Sale of bulbs for the 1977 Tulip Bulb Planting contest in Civic Center has been rather slow this year and De Graaf and his co-chairman, Nelson Bosman, expressed the hope that sales would pick up this week.

The sale will close Monday, Nov. 15, at 4 p.m.

Tulip bulbs are available all this week with Civic Center open Monday through Friday from 9 a.m. to noon and 1 to 4 p.m.

Bulbs are 25 for \$3, and plantings may range from 50 to 200 bulbs for the contest. They must be planted in areas in the city clearly visible from the street, but not in the curb strip.

A variety of colors is available. Last year, colors were limited to red, white and blue because of the Bicentennial.
